These two authors of **LEST WE FORGET HISTORY** have given us ten years later a very emotional yet truth packed and very honest narrative of the heinous Godhra incident of 2002. This is based on the investigation and findings by the NHRC in which both of them contributed their best. This we share partly to heal ourselves and partly to document a truth. As you read, lot of questions arise and do we have, even today, satisfactory answers? The heinous act which snuffed out fifty nine innocent lives deserves to be condemned in the strongest possible terms. No provocation, whatever be its nature, could explain the bestiality of the act and those responsible should be dealt with the most severe punishment under law. There can be no two opinions on this count. Who were behind this dastardly crime? While writing this narrative, both authors have expressed going through a kind of therapeutic healing process besides also documenting a truth. Page Extent: 168.
