Random House USA Inc, United States, 2011. Paperback. Book Condition: New. 205 x 134 mm. Language: English . Brand New Book. You know what happened during the financial crisis . now it is time to understand why the financial system came so close to falling over the edge of the abyss and why it could happen again. In a world that boasted more hedge funds than Taco Bell outlets, McGee demonstrates how it became ever harder for Wall Street to fulfill its function as the financial system's version of a power grid, with capital, rather than electricity, flowing through it. But just as a power grid can be strained beyond its capacity, so too can a financial grid collapse if its functions are distorted, as happened with Wall Street as it...
