Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Butler s Elementary Geography Butler s Elementary Geography is the introduction to the author s Complete Geography. It is designed as a preliminary treatise, and has been arranged especially for the use of pupils in the primary and intermediate grades. It has been the aim to make this a manual of object lessons, of reading, and of class exercises It has, therefore, been profusely illustrated with pictures, relief maps, and political maps. The illustrations are mainly by Misses Alice Barber and Agnes Watson, and Messrs. Lummis, Stephens, and Faber, - all of whom are widely known in connection with the illustration of children s literature. Every picture is an excellent object lesson. The text has been arranged to meet the desire which is now almost universal among teachers of geography, - a reading description supplemented by a review-lesson. A casual glance will show that the descriptive text may be used either as a reading-lesson or for topical recitation. When pupils are sufficiently mature, the latter method is recommended. The map questions are so arranged that...

Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You wont feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).
