Peter Higgs and Francois Englert won the Nobel Prize in Physics in 2013 for the discovery. The God Particle is responsible for the mass and the diversity of the particles in the universe. It decays quickly and presently can t be used for practical applications. In my work of Fiction, Timothy Harding Olsen, a brilliant young PhD graduate of the Massachusetts Institute of Technology, is hired by Future Mankind Ventures, a worldwide organization that operates outside the laws of man and nature. When practical application to humans is perfected, whoever owns this Formula will have the ability to change the power structure of the world by evolving humans to their specific needs. Ethan Tyler, an undercover CIA Agent, is placed inside the organization to provide information to the government on this colossal breakthrough in science and Physics. The United States government doesn t want...
