

The Professional Engineer in Society

By John Ghey, Steve Collins, Graham Mills

Jessica Kingsley Publishers. Paperback. Book Condition: new. BRAND NEW, The Professional Engineer in Society, John Ghey, Steve Collins, Graham Mills, The truly professional engineer, in addition to his or her specialised technical knowledge, should possess a high level of communication and management skills and a detailed understanding of engineering's environment and historical context. The authors describe the skills and background knowledge the effective engineer will need and go on to describe the historical development of the engineering profession, with particular reference to the UK but also in comparison with the French and German experiences. Similarly, the development of management and organisation theory is traced and brought up to date with an examination of successful management practices in the USA and Japan. Theory and practice are brought together in a chapter on the management of change, which examines the effects that change in technology and the external environment have on organisational structures and people. Issues of vital importance to engineering today are examined 'environment and safety' (including case study analyses of major disasters such as Chernobyl and Bhopal), and 'the regeneration of British industry' (including assessments of 'post industrial society' and 'anti-industrial culture'). The last two sections describe a conceptual approach...

Reviews

An extremely wonderful book with lucid and perfect information. It is one of the most awesome publications I have read. Your life period will probably be enhanced the instant you start looking at this pdf.

-- Prof. Dan Windler MD

It is really an amazing publication I actually have at any time read. It is really simplistic but unexpected situations inside the 50 percent of your pdf. It has been written in an exceptionally simple way in fact it is just right after I finished reading this ebook where it actually transformed me, altered the way I really believe.

-- Dr. Celestino Spinka III
