Brand New Book ***** Print on Demand *****.Excerpt from The Case for Socialism One of the most remarkable and hopeful aspects of the present great revival of Socialism, and one of the earnestness of its ultimate triumph, is the sudden multitude of capable workers it has called into activity. The older movement in the eighties had only a few spokesmen and writers; now one can scarcely take up a local newspaper without finding evidence of capable exponents. Socialism, it is scarcely too much to say, has given men souls, has created minds; never was there a movement so independent of its leaders, so sure to produce men at its need. Here, for instance, is Mr. Henderson, with this admirable tract of his. I know he will forgive my confessing that I had never heard of him until my friend Mr. Gerald Gould called my attention to his manuscript. And here it is, closely and clearly reasoned, persuasive, plain, and easy. Let the reader compare it with Mr. Arnold Forster's recent ridiculous attack upon the Socialist position - or rather, I should say, his recent misunderstanding and misstatement of the Socialist position. Let the reader put it thoughtfully beside the utterance of any contemporary anti-Socialist, except, let us say, Mr. Mallock. There is no gainsaying its superior grip, its force, its conviction. It is one more good weapon for the propaganda of the most inspiring movement, the best-equipped movement intellectually, that the world has ever seen.
